JOSEPH W. VESTAL'S

WHOLESALE TRADE LIST,

—OF—

Surplus Stock,

OFFERED TO

Florists and General Dealers,

CONSISTING OF
WINTER FLOWERING PLANTS, GREEN HOUSE, HOT HOUSE
and BEDDING PLANTS, HARDY HERBACEOUS PLANTS,
ORNAMENTAL VINES, BULBS, SMALL FRUITS, &C.,

For the Fall and Winter of 1872 and 1873.

WITH the presentation of this edition of my Wholesale Trade List, I beg leave to return thanks to my patrons for the liberal patronage heretofore extended this establishment, with the assurance that no exertions on my part will be spared to insure and merit your continued patronage and confidence.

RICHMOND:
INDEPENDENT BOOK AND JOB PRINTING OFFICE.
1872.

Introductory.

Having grown the following named Plants in large quantities, for the Fall and Winter Trade, we offer great inducements to those who wish to purchase for Stock Plants, for Propagation or for filling their Greenhouses, for Winter Bloom, or for filling Nurserymen's orders. As our business, the greater part of the year, is almost exclusively devoted to the Wholesale Trade, we have facilities for growing Plants to such an extent that it enables us to furnish Plants at the low rates that they are offered; hoping that the sales will be an advantage to both purchaser and grower; as it enables many dealers to obtain their Stock at a much lower rate than they could Propagate the Plants, aside from allowing us to again use the space for our Spring Trade; for instance the Geraniums, Fuschias, Verbenas and many other leading Plants that we offer at from \$6 to \$10 per 100, will in the hands of the purchaser, properly cared for, during Sale Season, readily bring 3 or 4 times as much as the price now asked for them; aside from furnishing a number of Cuttings for Propagation. Many of the articles herein mentioned, can, if desired, be furnished from the open ground. Should your order be received before frost injures them, when not so specified in the order, Pot Plants will be sent, and would request that the selection of Sorts would be left as far as possible to ourselves, when none but the best will be sent, with the understanding that at the annexed Prices, not less than six of each Class, or less than one hundred in each order, will be taken. The Plants are mostly grown in 2, 3 and 4 inch Pots, and when received, should be placed in Pots one size larger than those they were grown in.

By our system of Packing, we are enabled to ship Plants with safety from frost, any time during the Winter Months.

Regardless of the weather, *guaranteeing that they will reach the purchaser in good order*, where the time of transit is not more than 6 days. Should such accidents occur purchaser must notify by return mail. All orders are packed in rotation as soon as received, under our personal supervision; the best Plants are invariably sent first, thereby enabling us to furnish strong, well rooted Plants, except occasionally with new Plants, or when we run out of some varieties. When such occurs, we invariably add other Plants, gratis, to make up the deficiency.

The prices of the articles named in this List represent net rates. For a more complete Descriptive List would refer you to my Retail Plant Catalogue, (furnished gratis to my patrons, to all others at 25 cents each.) From the Retail Prices therein contained, a discount of one-third is allowed to Dealers and the Trade.

Correspondence solicited and letters of enquiry cheerfully answered. All orders from unknown parties, or from a distance, when not accompanied by a remittance, will be sent by Express, C. O. D., when we invariably add a few Plants gratis. *Plants by mail* to those who are remote from railroads or express offices, *we would recommend the more frequent use of the mail*; any quantity can be sent so that each package does not exceed four pounds in weight; we will forward their Plants or Bulbs at dozen rates, free of postage, provided their orders amount to one dollar or more, when under that amount they must be accompanied by an additional 6 cts., to prepay postage, They will be carefully packed in oiled paper so they will carry with safety where the time does not exceed 10 days in transit. When you live near an express office, your best plan is to order by express, stating the place you wish them shipped to and to whom you wish them sent to, with the State and County plainly written.

Novelties and Specialities grown for the Fall and Winter Trade.

Aloysia Citradora (or *Lemon Verbena*.)

A plant very much esteemed for its delightful fragrance, making quite an acquisition for bouquets. A fine bedding plant, will grow in any common garden soil, will keep well in any dry cellar during winter.

We offer a fine stock of summer grown stock plants, fine for retailing at 30 cents each, \$2 00 per dozen, \$10 per 100.

Ageratum—Tom Thumb.

A dwarf variety, growing six to ten inches high; a free flowering sort; flowers of cerulean blue; plant of a very compact dwarf habit; fine for front rows in flower borders; a fine bedder.

Price—30 cts. each, \$2.50 per dozen. 10 00 per 100.

Ageratum—White Tom Thumb.

A white flowering variety of the above; of the same dense, compact and free-flowering habit; plants covered the entire season with its bluish-white flowers; its desirable color making it quite an acquisition for cut flowers at all seasons.

Price—30 cts. each; \$3.00 per dozen; \$10.00 per 100.

Ageratum Lasseuxii.

A new rose or pink-colored flowering variety; a complete novelty, and desirable for both summer and winter bloom.

Price—30 cents each; \$3.00 per dozen.

Abutilon Thompsonii.

This most beautiful, new variegated foliage plant is one of the finest acquisitions at has been lately made to our ornamental leaf plants. The ground color of the leaf is bright green, shaded and mantled with yellow, giving it the appearance of mosaic work, in many cases retains its variegation during the hottest weather, rendering it very valuable as an out-door decorative plant for massing with other foliage plants.

Price—30 cents each; \$2.00 per dozen; \$10.00 per 100.

Regonia Discolor.

An old but somewhat rare tuberous rooted variety with large, showy foliage; stems and underside of leaves dark crimson veined, distinctly marked of a darker shade of crimson; showy and effective for baskets, vases, or as a decorative foliage plant is rarely excelled, is one of the easiest possible culture.

Price, 30 cts. each; \$2.00 per dozen; \$10.00 per 100.

Begonias.

The following varieties are valuable winter flowering, blooming profusely from November to March; they are indispensable to the florist, blooming profusely when bedded out in the open ground, standing the sun well; they are of a neat compact habit; are of a partially succulent soft wooded nature with foliage glossy green, and continually covered with a profusion of gracefully drooping racemes of rose, pink, white and crimson blossoms, rendering them at all seasons very attractive, and to the florist indispensable for their winter bloom.

- | | |
|--|--|
| Fuschoides Coccinea, deep scarlet. | Paviflora, white, profuse bloomer. |
| Fuschoides Alba, white. | Carnea, rose carmine, profuse, robust habit. |
| Hybridia Multiflora, a hybrid between B. Fuschoides and B. Paviflora; neat compact, free blooming habit, with rosy pink flowers. | Scmperflorens Sandersii, brilliant scarlet, a constant and profuse bloomer; stands the sun well when bedded out. |
| Nitida Alba, a strong growing, profuse blooming variety, producing immense panicles of pure white flowers during the entire winter months. | Robusta, a free flowering variety, flowers bright carmine in large panicles excellent for cut flowers. |
| Price—30 cents each; the set of eight for \$2.00; per doz. \$2.00; per 100 \$10.00 | |

Bouvardias.

An indispensable family of shrubby plants, both for greenhouse and bedding out—blooming from June until frost, when they may be removed to the greenhouse, furnishing a continuous bloom during the entire winter months. They are now considered among the most important plants for winter flowering, owing to their yearly increased varieties of colors, and excellent adaption for that purpose; also valuable and effective plants for the flower garden. The below named are excellent known varieties.

- Hogarth, dark crimson, very profuse flowering.
 Lelianthe, bright scarlet, the most profuse blooming variety and highly prized for winter flowering.

Price—30 cts. each; \$2.00 per dozen; \$10.00 per 100.

White Monthly Carnation—President DeGraw.

This variety is the most valued of all the class for its free and profuse flowering qualities; its color is pure white, occasionally shaded blush, of an agreeable spicy fragrance; is alike valuable either for the flower garden in summer, or the conservatory or greenhouse during the winter months. For the formation of bouquets it is greatly prized. We have a fine stock suitable for winter flowering.

Price—50 cts. each; \$3.00 per dozen; \$20.00 per 100

Colocasia—Caladium Excultum.

This is one of the most beautiful and striking of the ornamental foliage plants in cultivation, either for culture in large pots or for planting out upon the lawn, as a single specimen, or for grouping with other ornamental foliage plants, growing easily in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves of shield shaped outline, measuring four feet in length by two to three in breadth; very smooth and of a light green color; beautifully veined and variegated with dark green. It is cultivated and highly prized as an article of food in tropical countries; the root should be preserved in dry sand in the cellar during the winter, out of reach of the frost.

Price—30 cts. to \$1.00 each, according to size of bulb; \$3.00 to \$8.00 per dozen.

Large bulbs \$20.00 per 100; second size, \$12.00 per 100.

Canna—Indian Shot.

A genus of tropical herbaceous plants, making a fine ornamental bedding plant of easy culture; will grow in any garden soil: blooming the entire summer; their chief merit is their large, showy, tropical foliage, are useful grown as a single specimen, or for grouping with other foliage plants; may be dug and kept in a dry, warm place same as Dahlias, during the winter. The below named are distinct and showy.

Discolor, very ornamental, red foliage.
Elegantissima, green foliage.
Gigantea, green and crimson foliage.
Indica, scarlet and yellow.

Mastodon, very large, dark green foliage,
bright orange flowers.
Spectabilis, dark and green foliage.

Price 30 cts. each; \$2.00 per dozen; \$10.00 per hundred.

Coccoloba Platyclada.

A curious flat-stemmed plant, resembling a fern; fine for baskets, vases, &c.

Price—30 cts. each; \$2.50 per dozen; 10 00 per hundred

Cyperus Alternifolius.

A splendid plant for aquariums or for water of a grassy habit, its stem growing from one to two feet high.

Price—50 cents each; \$4.00 per dozen.

Fuchsias.

Of this beautiful and popular class of plants so universally admired by all for their beautiful and graceful form and showy flowers we offer a carefully selected list of 30 sorts, selected as the best from the many varieties (both double and single,) new and old in cultivation, all of which are of free growth, free flowering habits and distinct colors, are young thrifty plants, summer grown and young, well established in two inch pots. Above named varieties at 30 cts. each; \$1.50 per dozen; \$6.00 per 100.

Geraniums.

We would invite your particular attention to our collection of this popular and attractive bedding and pot plant of which our collection is select, embracing the finest new and old sorts in their different classes, having been grown with special care for the fall and winter trade, and we offer them at the following rates:

Zonales in 40 choice named sorts at 30 cts. each; 2.00 per dozen; 6.00 per 100.

Scented, 4 sorts, 30 cts. each; 2.00 per dozen; 8.00 per 100.

Doubles in 12 named sorts, 30 cts. each; 2.50 per doz; 10.00 per 100.

Doubles in 30 named sorts, 30 cts. each; 3.00 per doz; 15.00 per 100.

Variegated foliage, in 15 sorts, 30 cts. each; 2.50 per doz; 10.00 per 1,000.

Gladiolus Brenchylensis.

Of this superior and well-known variety we have a fine stock; the color is fine rich scarlet, the finest of its class.

Price—20 cts. each; 1.50 per dozen; 5.00 per 100; 40.00 per 1,000.

Gladiolus, 20 named sorts, 2.00 per doz; 8.00 per 100.

Gladiolus, mixed colors, all flowering bulbs, 1.00 per doz; 4.00 per 100.

Heterosentum Roseum.

A magnificent winter blooming plant, with tall, branching spikes of rosy lilac flowers produced all up the stems during December and January; is one of the easiest possible culture.

Price—30 cts. each; 2.50 per dozen.

Hetrosentum Mexicanum Album.

Flowers white; plant similar to Roseum; the two should be grown together.

Price—40 cts. each; \$3.50 per dozen.

Heliotropes.

Of this popular and indispensable plant, esteemed for its fragrant flowers, we offer a fine lot of summer grown plants, in 2 and 3 inch pots, in 15 choice sorts, at \$2.00 per doz; \$8.00 per 100. Well established young fresh struck plants at \$2.00 per dozen; \$600. per 100.

Linum Trigynum.

A neat greenhouse shrub, flowering profusely during the late winter months, in clusters of large yellow flowers.

Price—30 cts. each; \$2.00 per dozen.

Lantanas.

This desirable class of plants are annually growing in favor, their brilliant colors, robust growth and profuse blooming habit, renders them worthy of a place in every flower garden; our collection embraces the best leading new and old varieties, selected from importations of the last season, as well as from the older varieties, embracing nearly every style of color; it is now becoming so generally cultivated, that we rank it as one of our most important plants.

We offer a choice collection of 15 sorts, summer grown plants, in a fine condition for forcing into early spring bloom at 30 cts. each; \$2.00 per doz; \$8.00 per 100.

Manetta Cordata.

A pretty climbing plant, producing a profusion of scarlet flowers from July to October; is one of the easiest possible culture; succeeds finely turned out in the open border during the summer; blooming profusely the entire summer. Also useful and a showy pot plant for training on a trellis.

We offer a fine stock of well established plants in 3 inch pots at 30 cts. each; \$2.50 per doz; \$15.00 per 100.

Peperoma Maculosa.

This beautiful ornamental foliaged plant is a native of Brazil; the leaves of which are of a wax like character, are of great substance with bright green ribs or veins, the intervening spaces being white, giving the impression of burnished silver, is of easy cultivation, and a first class basket plant.

We offer a fine stock of well grown plants at 30 cts. each; 2.00 per doz; 10.00 per 100.

Rubus Grandiflora.

A very showy and fine flowering variety, lately introduced from Japan, flowers pure white, double and very large, resembling a Camelia; blooming profusely. fine for winter flowering, and useful for bouquets.

Price—30 cts. each; 2.00 per doz; 10.00 per 100.

Rubus Roseafolius—Bridal Rose.

A free flowering variety, similar to the above, with smaller flowers, color pure white.

Price—30 cts. each; 2.00 per dozen; 8.00 per 100.

Vincas, Running Myrtles—Of Sorts.

A class of running or trailing plants, highly useful for hanging baskets, vases, rockwork or for greenhouse, conservatory or window decoration, are of a rapid recumbent growth, and nearly or quite hardy.

We offer 8 sorts at 25 cts, each; 2.00 per doz; 10.00 per 100.

Roses.

From open ground during October, 1 to 2 feet high, (my selections).
Bengals, Sea Noisette & Bourbon at 2.00 per doz; 15.00 per 100; 20.00 per 1,000.
Hybrid Perpetuals 2.50 per doz; 18.00 per 100; 150.00 per 1,000.
Climbing Roses 2.00 per doz; 8.00 per 100; 60.00 der 1000.

Tea Rose, La Pactole, fine for winter flowering, 2.50 per doz; 15.00 per 100.
Noisette Rose, Woodland Margaret, fine white flowering in clusters, 2.50 per doz; 15.00 per 100.
Roses, Bengals, Teas, Noisettes and Bourbons, young plants in 2 inch pots. Our Selections of varieties, 1 00 per dozen; 6.00 per 100; 50.00 per 1,000.
Purchasers selections, 2 00 per doz; 10.00 per 100.
Hybrid Peperuals, our selections only, 2.00 per doz; 10.00 per 100.
Tea Rose, La Pactole fine for winter flowering, 1.50 per dozen; 6.00 per 100.
Noisette Rose, Woodland Margaret, fine white flowering in clusters 1.50 per doz; 6.00 per 100.

Smilax—Myrsiphyllium Asparagoides.

We have succeeded in growing a fine stock of this beautiful climbing plant; surpassing every other in the delicate grace and beauty of its deep green foliage and its peculiar wavy formation, rendering it the most valuable of all plants for baskets and vases. In cut flowers particularly wreaths, it is considered indispensable. Its cultivation is a specialty in every large city greenhouse.

Price—30 cts. each; 2.50 per dozen; 12.00 per 100.

Tradiscantea Discolor Lineata.

We offer a fine stock of this fine old though somewhat rare plant; this variety is of an erect growing habit with long narrow dark crimson leaves, beautifully striped with white and curious shaped flowers; is a fine and exceedingly showy centre plant or hanging baskets and vases.

Price—40 cts. each; 2.50 per doz; 15.00 per 100.

Tradiscantea Discolor.

Growth and habit similar to the above, with long, narrow, dark crimson foliage
Price \$40 cts each; \$2.50 per doz.; \$15.00 per 100.

Tricyrtis Grandiflora.

A beautiful hardy herbaceous plant, producing flowers in spikes about six inches in length, resembling in their markings and formation some species of Orchids, possessing a fragrance resembling the Heliotrope, blooming in October and November. The ground color of the flower is lilac marbled with white.

Price—30 cts. each; 2.00 per dozen; 10.00 per 100.

Vinea—Madagascar Periwinkle—Of Sorts.

Very profuse summer and winter flowering plants, with very showy and attractive flowers, making a fine display when planted out in the flower border, blooming the entire season, requiring hothouse accommodations to bloom well during the winter, are of a soft wooded shrubby habit and deserve a more general cultivation in our gardens, bearing our hot sun and frequent drouths well.

Alba, pure white.

Rosea, dark rose pink.

Rosea Alba, white, dark rose eye, distinct and effective

Price—30 cts. each; the set of 3 for 75 cts; per dozen, 2.50; per 100, 10.00. Young plants well established.

VERBENAS.

General Collection.

Being a select list of sixty varieties, selected from last season's new ones and those of previous years, combining a selection of the best from many hundreds in cultivation, retaining only those celebrated for their healthy, robust growth, distinct fine colors and free blooming habits, and selected with a view to embrace the greatest variety of colors and best bedding qualities. They are strong and healthy, and grown in small pots suitable for transportation. Having made their growth a specialty, our stock, which now embraces 20,000 fine plants, and increased to 50,000 by May 1st, we are now offering to those who wish to purchase for stock plants or their retail trade, fine plants at low rates. I am prepared to furnish them in large or small quantities on short notice, having much the largest stock of Verbenas in the West, enabling me to furnish large orders at a reduced rate, and offering great inducements to Florists and others to replenish their stock as needed. They are warranted free from rust or disease.

If you have no interest in Flowers, please hand this to some one that would be likely to become a patron.

NOTE, on short notice we can furnish well rooted, cuttings from propagating tank packed in moss to carry several days with safety either by mail or express; good named sorts at 3.00 per 100; 20.00 per 1,000.

For the Spring Trade of 1873.

I offer (to the trade only,) my set of New Verbenas, 36 in number, (ready for delivery, November 1, 1872, thereby offering an opportunity to propagate a supply for your early Spring sales, making your investment profitable, as well as having the new varieties to offer to your patrons of your own growth. They have been selected with care from over 20,000 choice seedlings, and embracing several new styles—all of which are celebrated for their brilliant distinct colors, strong robust growth and free blooming habits and will equal any new collection in America. Having made the growth of the Verbena a specialty, they will be ready for sending out under name after November 1st, strong, well established young plants, in two inch pots; warranted free from rust or disease. Orders filled in rotation, as received at 40 cents each: 4.50 per dozen; the set of 36 for 10.00; per hundred 12.00.

Having for several years past made the cultivation of this plant a specialty and being successfully rewarded by a careful selection of seeds in producing flowers of unsurpassed quality as regards size, color and shape, can furnish young plants from the seed beds during October and November Per. 100. 1.00; per 1,000, 8.00

For Fall Planting in the open ground, or for indoor forcing. I have a full supply of the leading varieties of home growth and to arrive by transportation in September, at the following rates per dozen or hundred. Rates furnished on application.
